PART B: PROJECT BRIEF

GRG is a regional public agency serving the City of St. Louis, St. Louis County and St. Charles County. GRG connects the St. Louis region with greenways, making it a vibrant place to live, work, and play. GRG is operated by a 26-member staff and governed by a 12-member Board of Directors. Staff members work within five groups referred to as Build, Promote, Sustain, Administration/Finance, and the Great Rivers Greenway Foundation.

The agency is constructing numerous greenway trails. Signage for the various projects is a critical component in providing information to the public traveling along the greenways. This Request for Qualifications (RFQ) is to

Great Rivers Greenway

identify qualified signage fabricators for exterior directional, wayfinding and interpretive signage. GRG is seeking submissions from interested signage fabricators as a sole provider for signage for new construction and replacement signage throughout the region.

This contract will be held for three (3) years with options to modify within that time period as the sole provider for signage.

Installation is not included in this contract. GRG or its construction contractor will handle installation, and the signage manufacturer will coordinate all aspects of the process up to installation with the agency and/or construction contractor. However, GRG does ask for interested firms to submit information regarding installation capabilities as GRG may choose to use installation services if it is deemed to be in the best interest of GRG and its Partners.

This contract is scheduled to start January 1, 2023 and will end on December 31, 2025.
